ALL EXHIBITORS ARE ADVISED TO HAVE THEIR OWN INSURANCE

Important Notice to Animal Owners involved in Showing Animals at Shows

The ISA would advise all animal owners who have their animals insured to have the insurance cover extended to cover them while showing animals at shows, it may cost very little or nothing at all depending on who you have insurance with.

The reason for giving this advice is that if your animal were to injure someone or damage someone's property, and it is established that your animal was out of your control at that time, you may be held responsible or partly responsible for any injury or damage caused & could end up paying all or part of any settlement reached

IMPORTANT NOTICE

Horse-riding is a dangerous sport and all competitors in Ridden Classes must, for their own safety, wear appropriate head gear that complies with up to date safety standards

Failure to do so is an offence under Irish Law and is liable on summary conviction to result in a fine of up to €3,000. All passports must be registered with the name of the current owner.

1. **Embryo Transfer:** Where a foal is produced by this method, the dam's passport must bear a declaration dated, stamped, and signed by the stallion owner (or accredited practitioner where AI is involved) stating the date on which the dam was last covered (or inseminated) and the name of the covering stallion.
2. The owners of Champions and Reserve Champions are invited to submit the animals' passports to the ISA head office where the placing will be endorsed and officially stamped with the seal of the ISA as a permanent record.
3. It is in the interest of shows hosting championship finals that photographs and results are forwarded to the Irish Farmers Journal immediately following judging.

Important Information for Organisers of Show's & Exhibitors of Cattle Keepers

wishing to show cattle in 2018 must obtain a Certificate of Compliance prior to the movement of the animal to the Show. This ensures that the animal(s) in question has the necessary TB, BR and BVD tests recorded on the Department's database and that the keeper presenting the animal is not restricted by the Department. Certificates of Compliance can be obtained online from the Animal Identification and Movement (AIM) system through the www.agfood.ie facility or from the Cattle Movement Notification Agency.

When applying for a Certificate of Compliance, keepers should not specify a destination herd. On the day of the Show, the Certificate of Compliance should be presented to the Show Secretary along with the bovine passport for the animal. The keeper and the Show Secretary will then sign the Movement Notification section of the Certificate which will then be sent to the local DVO for recording onto the AIM system. Please note that only cattle for which a valid Certificate of Compliance is provided to the Show Secretary can be shown on the day of the Show

RECOMMENDATION FOR CATTLE CLASSES

After a number of submissions from affiliated shows on the judging of calves and the need to have them judged by weight rather than by age at Shows. The Irish Show Association Cattle Sub Committee have put forward the following recommendation on use of live weight for calf classes eg Calves under 12 months not to exceed 460kg; Autumn born calves and calves under 6 months should not exceed 320kg.

Another suggestion is to use no more than 1.7kg live weight gain per day from the birth date to the show date. This proposal would also be suitable for interbreed pedigree calf championships.

Specific Requirements - Sheep Identification

All sheep must be individually identified with plastic eartags issued on accordance with the requirements of the National Sheep Identification System (NSIS). Movement Documentation All consignments of sheep being moved must be accompanied by the completed dispatch document. Individual details of each sheep in the consignment must be recorded. Sheep from non-restricted flocks only can be moved to shows. In the case of flocks restricted following diagnosis of scrapie, sheep possessing the ARR/ARR genotype only may be exhibited. The movement of these ARR/ARR genotype sheep must be accompanied with the relevant movement permit (SCR/10), which can be obtained from the Local District Veterinary Office in the county where the flock is located. AIM Notification The movement of sheep to and from an Agricultural Show within the State must be recorded on AIM. This is done using a copy of the owners dispatch document as follows: 1. The Owner/Keeper presents the signed and completed dispatch document to the show secretary who checks it to ensure that it is completed in full. 2. The Show Secretary fills in the MART section of the dispatch document with (i) the show number; (ii) the date of the move back to the source holding; (iii) stamps it with the show stamp; (iv) signs the dispatch document. 3. The Show Secretary then forwards the completed pink section of the dispatch document to the local DVO within 7 days of the show movement. 4. The Show Secretary keeps the white copy for his/her records, 5. The source/destination keeper keeps the bottom yellow copy to enter it into their flock registry. 6. Ultimate responsibility for fulfilling this requirement lies with the Show Secretary.

Flock Register

All movements of sheep to and from shows must be recorded in your flock register. Exports (to Member States of the European Union including Northern Ireland All sheep must be accompanied by TRACES intra community trade certificate for ovine animals. A TRACES message, corresponding with the TRACES certificate, will be sent for each animal or consignment being dispatched to the show (this will be performed by Department officials of the DVO).

Exhibitors are advised to contact their Local District Veterinary Office & the show society in Northern Ireland well in advance of any show where sales may take place to determine the suitability of the show for exports (e.g. premises and sheep status), availability of veterinary staff for export certification and to have the necessary arrangements out in place.

Attendance of sheep from scrapie monitored flocks at shows and sales in 2018 Shows between 1st May and 30th September Sheep from scrapie monitored flocks will be permitted to attend agricultural shows taking place between May 1st and September 30th without restriction or separation from other categories of sheep.

Shows outside that period For shows taking place before May 1st or after September 30th, sheep from scrapie monitored or probationary flocks must be separated from other sheep as follows:

1. There must be complete separation of monitored/probationary sheep from other categories of sheep at the show. Ideally, this would mean a separate entrance and exit for each group, separate loading and unloading areas, separate penning areas for each of the two groups.
2. In locations where all of the above may not be possible, the minimum requirement would be the separate loading and unloading and also of penning areas. The two areas should be separated by a sheep-free alleyway, at least 12 feet wide. If only one show ring is available, the sheep from the scrapie-monitored flocks must be shown first.

Galway County Show wishes to express its gratitude for the generous funding grant provided by The Department of Rural and Community Development, under Minister Michael Ring. This funding allows us to continue with the show and its ethos of fundraising for local charities.
